Bachelor's top-up programmes (Top-up)
1½ years. 90 ECTS

Bachelor degree programmes (BA)
3½-year programme. 210 ECTS

Be you!

Come and join Business Academy Aarhus as an international student! With us you are not just a number. You're an individual who will be on a first-name basis with all your lecturers. Obviously, all our academic programmes have the highest quality and you'll get the best learning outcomes, but we have so much more to offer...

Be challenged by our diverse academic programmes

Business Academy Aarhus is one of the largest business academies in Denmark and develops and offers practice-orientated higher education programmes. But we offer so much more than just business.

Like research universities, we provide undergraduate programmes and can grant academic degrees, but we do not award master's or doctoral degrees.

Small classes are just better, and that's exactly what you get with us. You'll get individual attention from lecturers who are then able to tailor their teaching to your specific needs. There's less disruption and therefore more time for teaching and discussion. And you get to know your fellow students better!

You'll get a higher education that prepares you for your career. You'll also get the perfect balance between theory and practice, so you'll also be able to use what you learn.

Be inspired by our campus

Our campuses boast world-class facilities and are continually being improved and developed. We offer the newest technological innovations and have beautifully designed Scandinavian furniture. Our main campus has an onsite canteen and also houses the student café and bar, a bookshop and the library. Students have 24/7 access to work on projects.

Outstanding services

We want you to enjoy your time at Business Academy Aarhus, so we have a comprehensive network of support and advice if you need it. To list but a few of our services: student counsellors, job and internship portal, Basement – the best student hangout, 24/7 library access etc etc.

Hands-on experience

All our programmes have compulsory internships so that you can get hands-on experience. Most internships range from 10-20 weeks and we have agreements with at least 1000 different Danish and international companies. You'll get the opportunity to experience real-life learning in a relevant company and we'll help you find the perfect internship through our exclusive Job and Internship Portal.

Living costs vary from €650-€800 a month

Rent (single room in a dormitory)	€340-€410
Food	€225
Phone and internet	€50
Today's dish in canteen	€5
Coffee in canteen	€2
Phone and internet	€50

Buddy programme

Our Buddy programme is available for all incoming international students, on all programmes. Participants come from all over the world and our Buddy activities will provide you with practical help as well as lots of social activities to help ease you into the Danish society.

Mentor programme

Our Mentor programme connects eligible students with relevant, experienced professionals. Your mentor will take you under their wing and help you with your CV and other job-related issues, so you'll get insider knowledge and sparring for your internship or maybe your first job. The programme lasts 6-12 months and you'll meet 4-6 times.

Tuition fees

There are no tuition fees for Danish, Nordic or students from the EU/EEA countries.

All other students can get exact pricing information on our website: baaa.dk/tuitionfee

Satisfaction guaranteed

We consecutively have high scores for lecturer evaluations and our student environment. We do not take this for granted though and evaluate each year to ensure this success.

Be part of a vibrant community

We have about 600 international students from all over the world. And when you choose one of our programmes, which are taught exclusively in English, you will study with students from many different countries.

Aarhus has the highest percentage of students in Denmark and approximately 20% of the population are students, so you will be surrounded by internationals wherever you go in Aarhus.

And don't be surprised if you find yourself talking in English to a stranger only to discover that you actually come from the same country!

5000

full-time Danish and international students.

600

international students who contribute to our international spirit and teaching format.

70

partner universities spread all over the world.

Your rainbow panorama

The Old Town

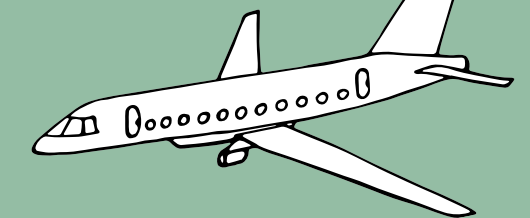

Salling rooftop

Be captivated by Denmark's second largest city

Aarhus is the second largest city in Denmark with more than 350,000 residents. You will get a great international experience in a vibrant, active and culturally diverse city which is close to beaches and forests and yet also boasts wonderful cultural and shopping experiences. It is large enough for you to get lost in if you want to, but small enough to be found if that is what you prefer.

Aarhus is a safe city with a low crime rate (like the rest of Denmark). Aarhus has also been voted a must-see city by Lonely Planet, Vogue, CNN and National Geographic – an essential for your bucket list!

Be bold and travel with ECTS credits

We offer you Internationalisation@home or abroad. Because, besides you (as an international student), we welcome over 60 exchange students each year from our partner universities

And would you like to take a summer school programme but don't want to travel? No problem – just take one of our summer schools based in Aarhus in cooperation with one or more of our partners. You can, of course, also do an exchange semester abroad at one of our 70+ partner universities scattered around the globe, and we can also help with an internship abroad.
